CULTURE & WILDLIFE SAFARI

CAMP OFF THE BEATEN TRACK. GET TO KNOW THE COLOURFUL TRIBES OF TANZANIA

This safari does a full circuit of the northern circuit to more remote areas, which are off the usual beaten tracks, giving us a more indepth insight into the different cultures that are found in Tanzania but keeping us in game rich areas.

The accommodation used are a mix of the permanent lodges and camps, as well as our luxury mobile camp. Camping is the only way to get the true essence of what a real African safari is.

The itinerary takes you along the rift valley to Lake Natron onto the northern part of the Serengeti, before descending into the central Serengeti. From here you continue your journey to Ngorongoro and end with Lake Eyasi; home to the Hadzabe tribe, the last of the hunter gatherers in Tanzania.
