

## SAFARI – ADVENTURE – SIGHTSEEING

# DIAMOND EXTRAVAGANZA

MINERAL RICH AREA'S, GEOLOGICAL EXCAVATION AND NATURAL RESOURCES

**Namibia is one of the largest producers of gem quality diamonds with around 98 percent of production being gem quality.**

Diamonds are mined along the Orange river, palaeo beach deposits along the south western and western coast of the country, as well as from offshore marine deposits. Namibia's offshore marine deposits are the world's richest, with an estimated reserve of over 1.5 billion carats.

**Day 1** Arrive at Windhoek International Airport and transfer to Hotel in Windhoek.

**Day 2** Transfer will take group to airport for flight to Oranjemund followed by an educational tour to mine and afterwards, flight to Luderitz.

**Day 3** Early morning guided Kolmanskop/Elizabeth bay excursion and buying diamonds.

**Day 4** Charter flight to Windhoek, transfer by road to Damaraland. The visit is geological in nature, focusing on semi precious mineral mining. Digging mineral stone with local geologist.

**Day 5** Full day to explore and take part in semi-precious mineral mining. Day 6 – Depart and continue your journey to Erindi Game Lodge, spend the rest of the day at leisure.

**Day 7** Head back to Windhoek.
